**Kleefeld School – Student Limited Return to School
Safety Plan Outline**

1) School Entry and Exit

- Students walking or biking will find their grade level marker in the bus loop (blocked off)
- Students will be [screened](#) before entering the school by a staff member.
- Students leave through the same door they entered.
- Students will use the alcohol based hand sanitizer upon entry to their classroom.

2) Physical Distancing Protocols

- [Physical Distancing Protocols](#) will be taught to students and are expected to be followed at all times (inside and outside).
- Student classroom groups will not exceed 5 in any one classroom at any time.
- Classroom furniture will be arranged to allow for physical distancing.
- Markings will be placed inside and outside the school to encourage physical distancing.

3) Materials and Supplies

- Students can bring a snack. No sharing.
- Students should bring their own filled water bottle as water fountains and bottle fill stations are CLOSED.
- Students should not share supplies.

4) Washrooms

- A schedule will be created to limit the number of students accessing the washroom at the same time,
- Emergency visits will be supervised by a teacher.

5) Bussing/Transportation

- Bus transportation is not available.
- Parents will need to provide transportation to and from school.
- Parents should notify the office if alternate transportation arrangements are made,

6) Cleaning

- Our custodians are following rigorous cleaning protocols established by HSD.
- We would like to assure our students and families that frequently touched surfaces are being cleaned multiple times per day and that our schools are safe,

7) Personal Protective Equipment (PPE)

- Dr. Roussin, Chief Provincial Public Health Officer has not instructed schools to use PPE in classroom situations.
- Wearing a mask is a personal preference for staff and students.

8) Managing Illness

- No person with flu-like symptoms will be allowed into school.
- Symptoms include: coughing, sneezing, sore throat, fever, shortness of breath or runny-nose.
- Anybody who has travelled outside of Manitoba (with some exceptions to provincial border locations) is required to self-quarantine for 14 days and will not be permitted into school.
- Parents are encouraged to monitor their child's health using the [Shared Health Self Assessment Tool](#) before sending them to school.
- All employees and students with flu-like symptoms are asked not to report to work or school and take the advice provided by MB Health, including having a COVID-19 test.
