THANK YOU!

Dear Kleefeld School Community,

We are coming up to one of our favourite times of the year – the Christmas Food and Toy Drive! Every year the generosity of our school community brings joy to many, many families that depend on Grunthal Caring Hands for essentials like food and toiletries. This year is no different. In fact, this year we anticipate a greater need than ever! Due to Covid 19, we have families in our community that have lost their primary source of income or have been ill and unable to work and could really use our help.

During the week of December 1 – 4, we are collecting food and toys to bring some extra comfort and kindness to those families. You will find more information on our school website and newsletter. We have suggested food groups and items that we are focusing on, but you are welcome to donate anything that fits in the non-perishable food category. We only ask that food and toys be new, unopened and non-perishable. There will be collection bins just inside the entrance of our school. Please drop off items for the food and toy drive during school hours.

With all the new covid restrictions, we understand that it might be a challenge this year to purchase toys and food. Grunthal Caring Hands also takes cash or cheque donations. You can make cheques payable to Grunthal Caring Hands and make sure to put “Christmas Hampers” in the memo line. Any amount over \$20 qualifies for a tax deductible receipt, just make sure that your name and address is clearly visible.

Thanks in advance for your generosity and care for our community!

Sincerely,  
Kleefeld School
