### **Questions and Comments**

- Parents expressed their concerns in regard to the Pride Flags in classroom windows, library, music, gym
- Intended for gr. 7/8's but there are grades 4, 5 and 6's in the same wing
- Concerns with the lack of Communication regarding changes in Kleefeld School towards parents and students
- Where does one draw the line?
- Using the word “safe” unintentionally labels teachers and classrooms safe vs not safe
- Creates division among staff and students
- ALL students should feel “safe” “comfortable” in ALL classrooms

- Is this an HSD thing or Kleefeld thing?
- Guidance Counsellor: trained professional to help ALL students
  - o How can we make this less taboo to visit a guidance counsellor
- Can we focus on Relationship building: from kindergarten onward, to create those firm foundations and build trust?
- Will kids become hesitant to talk to a teacher now?
- Sticker Placement: Stickers on personal items/space versus classroom space?
- Everyone is entitled to their own beliefs, likes/dislikes, respect given to all!
- Can we have a middle school orientation to reiterate the schools values, expectations, respect towards everyone, re-connect with parents as well?
- Kindness and Respect: for ALL students
- Safety and Comfort: for ALL students
