Parents raised Questions and Concerns regarding the Hold and Secure

1. Communication and Transparency

Parents expressed concerns regarding the lack of communication about the incident. Many felt they did not receive a clear explanation of what occurred, resulting in uncertainty and frustration.

2. Student Safety

The safety and well-being of students is our top priority. Parents raised concerns about what steps are to be taken to not have another incident occur!

3. Consistency of Hold-and-Secure Procedures

Concerns were raised about inconsistencies in how the hold-and-secure protocol was implemented across classrooms. Parents expressed that procedures appeared to vary from class to class and questioned whether all staff members, particularly substitute teachers, were properly informed, trained, and prepared to follow protocols during emergency situations.

- **Next Meeting: Monday, June 1, 2026 @ 6pm**
